

Please consider joining LEFE and supporting our LCSD teachers! Teachers can make LEFE grant requests annually to fund classroom equipment and materials for their students.

LEFE is funded through private donations and memberships. Your annual gift can go a long way.

What is LEFE? The Lafayette Endowment Fund for Education, Inc. (LEFE) exists to expand the educational opportunities of the children in the Lafayette County School District. As a nonprofit organization, LEFE accepts tax-deductible contributions from individuals, families, and businesses dedicated to enhancing the educational resources of our Lafayette County Schools. LEFE was created to provide support for the academic projects and activities likely to enhance the academic environment and programs of the Lafayette County School System.

LEFE is a private foundation separate from the school district and therefore operates from a budget that is completely separate from the school district's annual budget and is managed by a volunteer board of directors.

Why should you join LEFE? The goal of the Lafayette Endowment Fund for Education is to nurture a better education for all children. LEFE makes an ongoing commitment to enhance educational resources both today and tomorrow. LEFE uses ten percent of all donations received each year to fund the permanent endowment, thereby providing financial support for future needs.

The **Lafayette Endowment Fund for Education** solicits grant applications annually from the faculty of Lafayette County Schools. In conjunction with school administrators, LEFE reviews grant applications to determine the projects that best enhance the educational process for all our children. The LEFE Board of Directors awards final grant approvals directly to the teacher. Project costs generally range from \$250 to \$2,000. Past funded grant proposals have included various technology needs, science lab equipment, musical equipment, language software, books, computers, and hands-on phonics equipment.

Yes, I want to support LEFE and enhance the educational opportunities for students in the Lafayette County School District.
